

About Dorsett – Your Rewards

A Vibrant Experience Exclusively For You

This membership is open to all individual accounts. Members can earn 3 points for every USD 100 worth of eligible spending if booked directly with hotel; 1.5 point for every USD 100 spent if the booking is made via online travel agents.

Unique & Flexible: Unlike other hotel loyalty programmes, the Dorsett – Your Rewards gives members the option to redeem any reward either solely using points or with a ‘Part-cash, Part-points’ option. For example, if a guest has 20 points in their account and the room rate is USD 200, he/she can use the 20 points to offset the USD 20, and pay the remaining balance in cash or with credit card. This flexibility allows members to enjoy more of the rewards they want, when they want to.

Rewards That Matter: Dorsett works closely with some of the world’s leading travel partners to offer members a whole range of carefully selected services that will greatly enrich their travel experience, with special offers on airline tickets and benefits from internationally-recognised beauty brands and more.

Delightfully Surprising: Dorsett, without question, likes to surprise their members. Birthday stars staying at any participating hotel will be surprised by a personal birthday celebration on top of a special room offer at 50% off.

The list of hotels participating in the programme:
